**\*Notice\***

The Total NYS mini-bid price should include the installation of all equipment (unless otherwise noted), testing to ensure that all of the equipment is operational, and that all transportation/delivery costs are assumed by the vendor. Pricing for this Mini-Bid shall not include any charge for new vehicle servicing preparation, registration or licensing.

The winning bidder is responsible for transportation to Clark Reservation State Park in Jamesville, NY. Transportation to Jamesville must be made via motor carrier transport if mileage exceeds 50 miles from Clark Reservation State Park.

The winning bidder must notify the NYS Park Police Fleet Lieutenant when the vehicles have been delivered from the factory to the dealer location for the up-fitting of non-factory installed items that have been outlined in the specifications.

The winning bidder must have all vehicles ready for inspection/transfer to Clark Reservation State Park within 60 days of delivery from the factory.

The winning bidder must communicate any discrepancies that arise during upfit that would change the specs outlined above to be approved by the NYS Park Police Fleet Lieutenant.

Failure to meet the specifications outlined may result in the bidder being denied a winning bid award on future work for the NYS Park Police.

#### Emergency Lighting Specifications:

- 3 year parts and labor Warranty with travel to vehicle location for repair.
- Vehicles will be inspected for rust/debris/filings from installation on painted surfaces. Delivery will be refused if present.
- All exterior wiring and lighting will be weatherproofed and sealed to prevent corrosion.
- All wiring will be free of chafing points and properly protected by anti-abrasion wire loom when needed.

#### Upfitting:

Bush Electronics will be the approved up-fit Vendor. Winning bidder shall contact Bush Electronics for up-fit pricing.

Upon completion of the first vehicle, and prior to commencing work on subsequent vehicles, contact the NYS Park Police Fleet Lieutenant at Division HQ (518) 474-4029 to arrange for an inspection. The approved vehicle will be left at the upfit facility for reference to aid in the production of the remaining vehicles.
