

Negometrix Supplier Registration

How To Register on Negometrix

The Town of Palm Beach has decided to conduct their procurement online through the Negometrix platform. Negometrix is a 100% digital procurement solution, allowing you to fill-out and submit your offers online, thus allowing you to save on both costs and time by eliminating hard copy offers.

To be able to respond to our solicitations you will need an account on the Negometrix platform. If you follow the three steps below you can create your account within 5 minutes!

Step 1: Register your company

Go to <https://platform-us.negometrix.com> and click the **Register** button on the bottom right of the screen.

The screenshot shows the Negometrix platform interface. At the top, there are language options (English (EU), Nederlands, Български, Deutsch, English (US)) and the time zone (UTC-05:00 Eastern Time (US & Canada)). The main content area is titled "Published Solicitations" and includes tabs for "Current Solicitations", "Archived Solicitations", and "Planned Solicitations". Below these tabs is a search bar with "Country: United States" selected and "Results: 9". A table of solicitations is displayed with columns for "Publication status", "No.", "Name", "Buyer organization", "Phase", and "Participate until". The table contains five rows of data. On the right side, there is a sidebar with a "Log in" section (Username, Password, Login button) and a "Need help using Negometrix?" section (Visit our support page, Help button). A red arrow points to the "Register company" link in the sidebar.
