- 4.16.3 A parental guarantee of the performance of the Bidder under this Section will not automatically result in crediting the Bidder with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Bidder’s experience and qualifications. Instead, the Bidder’s responsibility will be assessed to the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Bidder, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent’s participation as determined by the State.

4.17 Acceptance of Terms and Conditions

By submitting a Bid in response to this IFB, the Bidder, if selected for award, shall be deemed to have accepted the terms and conditions of this IFB and the Contract, attached hereto as Attachment M. Any exceptions to this IFB or the Contract must be raised prior to Bid submission. Changes to the solicitation, including the Bid Form or Contract, made by the Bidder may result in Bid rejection.

4.18 Bid Affidavit

A Bid submitted by the Bidder must be accompanied by a completed Bid Affidavit. A copy of this Affidavit is included as **Attachment C** of this IFB.

4.19 Contract Affidavit

All Bidders are advised that if a Contract is awarded as a result of this solicitation, the successful Bidder will be required to complete a Contract Affidavit. A copy of this Affidavit is included for informational purposes as **Attachment N** of this IFB. This Affidavit must be provided within five (5) Business Days of notification of recommended award. For purposes of completing Section “B” of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a “foreign” business.

4.20 Compliance with Laws/Arrearages

By submitting a Bid in response to this IFB, the Bidder, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Bidder represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit <https://www.egov.maryland.gov/businessexpress>.

It is strongly recommended that any potential Bidder complete registration prior to the Bid due date and time. The Bidder's failure to complete registration with SDAT may disqualify an otherwise successful Bidder from final consideration and recommendation for Contract award.

4.22 False Statements

Bidders are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

- 4.22.1 In connection with a procurement contract a person may not willfully:
 - a) Falsify, conceal, or suppress a material fact by any scheme or device.
 - b) Make a false or fraudulent statement or representation of a material fact.
 - c) Use a false writing or document that contains a false or fraudulent statement or entry of a material fact.
- 4.22.2 A person may not aid or conspire with another person to commit an act under **Section 4.22.1**.
- 4.22.3 A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding \$20,000 or imprisonment not exceeding five (5) years or both.

4.23 Payments by Electronic Fund Transfer

By submitting a Bid in response to this solicitation, the Bidder, if selected for award:

- 4.23.1 Agrees to accept payments by electronic funds transfer (EFT) unless the State Comptroller's Office grants an exemption. Payment by EFT is mandatory for contracts exceeding \$200,000. The successful Bidder shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form.

4.23.2 Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller's website at: http://comptroller.marylandtaxes.com/Vendor_Services/Accounting_Information/Static_Files/GADX10Form20150615.pdf.

4.24 Prompt Payment Policy

This procurement and the Contract(s) to be awarded pursuant to this solicitation are subject to the Prompt Payment Policy Directive issued by the Governor's Office of Small, Minority & Women Business Affairs (GOSBA) and dated August 1, 2008. Promulgated pursuant to Md. Code Ann., State Finance and Procurement Article, §§ 11-201, 13-205(a), and Title 14, Subtitle 3, and COMAR 21.01.01.03 and 21.11.03.01, the Directive seeks to ensure the prompt payment of all subcontractors on non-construction procurement contracts. The Contractor shall comply with the prompt payment requirements outlined in the Contract, Section 31 "Prompt Pay Requirements" (see **Attachment M**). Additional information is available on GOSBA's website at: <http://www.gomdsmallbiz.maryland.gov/documents/legislation/promptpaymentfaqs.pdf>.

Submit a "No Bid Notice/Vendor Feedback Form" to the IFB.

The Procurement Officer, the Contract Monitor, and the Contractor may conduct day-to-day Contract administration, except as outlined in Section 4.25.5 of this subsection, utilizing e-mail, facsimile, or other electronic means if authorized by the Procurement Officer or Contract Monitor.

4.26 MBE Participation Goal

No MBE participation is required for this project.

4.27 Conflict of Interest Affidavit and Disclosure

- 4.27.1 The Bidder shall complete and sign the Conflict of Interest Affidavit and Disclosure (**Attachment H**) and submit it with its Bid.

- 4.27.2 By submitting a Conflict of Interest Affidavit and Disclosure, the Contractor shall be construed as certifying all Contractor Personnel and subcontractors are also without a conflict of interest as defined in COMAR 21.05.08.08A.

- 4.27.3 Additionally, a Contractor has an ongoing obligation to ensure that all Contractor Personnel are without conflicts of interest prior to providing services under the Contract. For policies and procedures applying specifically to Conflict of Interests, the Contract is governed by COMAR 21.05.08.08.

4.27.4 Participation in Drafting of Specifications: Disqualifying Event: Bidders are advised that Md. Code Ann. State Finance and Procurement Article §13-212.1(a) provides generally that “an individual who assists an executive unit in the drafting of specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or a request for proposals, or a person that employs the individual, may not: (1) submit a bid or proposal for that procurement; or (2) assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement.” Any Bidder submitting a Bid in violation of this provision shall be classified as “not responsible.”

4.28 Intentionally Omitted

4.29 Taxes – Responsibility for Payment, Exemption, Forms to be Filed, etc.

The Contractor is responsible for, and by submitting a bid, agrees to pay all retail sales, income, real estate, sales and use, transportation and special taxes applicable to and assessable against any materials, equipment, processes and operations incident to or involved in the work. The Contractor is responsible for ascertaining and acquainting himself with such taxes and making all necessary arrangements to pay.

4.30 Tax Exemption

The State is generally exempt from federal excise taxes, and District of Columbia sales taxes and transportation taxes. Exemption certificates shall be completed upon request. Where a Contractor is required to furnish and install material in the construction or improvement of real property in the performance of a Contract, the Contractor shall pay the Maryland sales tax applicable to such material and the State’s exemption does not apply.

5.3 Bid Price Form

The Bid shall contain all price information in the format specified on the Bid Form. The Bidder shall complete the Bid Form only as provided in the Bid Pricing Instructions and the Bid Form. Do not amend, alter, or leave blank any items on the Bid Form or include additional clarifying or contingent language on or attached to the Bid Form. Failure to adhere to any of these instructions may result in the Bid being determined to be non-responsive and rejected by the MSA.

A Bidder shall include the following with its Bid:

5.4.1 Intentionally Omitted

5.4.2 Acknowledgement of all addenda to this IFB.

5.5 Delivery

5.5.1 Bidders may either mail or hand-deliver Bids.

5.5.2 For U.S. Postal Service deliveries, any bid that has been received at the appropriate mail room, or typical place of mail receipt for the respective procuring unit by the time and date listed in the IFB will be deemed to be timely. If a Bidder chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail or another form for which both the date and time of receipt can be independently verified by the Department. It could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit and a Bidder using first class mail will not be able to prove a timely delivery at the mailroom.

5.5.3 Hand-delivery includes delivery by commercial carrier acting for the Bidder. For any type of direct (non-mail) delivery, a Bidder is advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

6.1 Bid Evaluation Criteria

The Bids will be evaluated based on the Total Bid Price. All responsible Bidders will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Bid Price as submitted on the **Attachment B** - Bid Form.

6.2 Reciprocal Preference

6.2.1 Although Maryland law does not authorize procuring agencies to favor resident Bidders in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- a) The Maryland resident business is a responsible Bidder;
- b) The lowest responsive Bid is from a responsible Bidder whose principal office, or principal base of operations is in another state;
- c) The other state gives a preference to its resident businesses through law, policy, or practice; and
- d) The preference does not conflict with a federal law or grant affecting the procurement Contract.

6.2.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.3 Award Determination

Award will be made to the responsible Bidder who submits to the MSA the responsive Bid that has the lowest Total Bid Price.

The MSA reserves the right to make the award by item, or groups of items, or Total Bid Price if it is in the best interest of the State to do so unless the Bidder specifies in its bid that a partial or progressive award is not acceptable.

6.4 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – IFB Attachments and Appendices**.

B-1 Bid Instructions

In order to assist each Bidder in the preparation of its Bid and to comply with the requirements of this solicitation, Bid Instructions and a Bid Form have been prepared. Each Bidder shall submit its Bid on the Bid Form in accordance with the instructions on the Bid Form and as specified herein. Do not alter the Bid Form or the Bid may be determined to be not reasonably susceptible of being selected for award. The Bid Form is to be signed and dated, where requested, by an individual who is authorized to bind the Bidder to the prices entered on the Bid Form.

The Bid Form is used to calculate the Bidder's TOTAL BID PRICE. Follow these instructions carefully when completing your Bid Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this IFB and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this IFB and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Bid Form shall be filled in. Any changes or corrections made to the Bid Form by the Bidder prior to submission shall be initialed and dated.
- F) Except as instructed on the Bid Form, nothing shall be entered on or attached to the Bid Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Bid not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Bid Form have been entered correctly and calculated accurately by the Bidder and that the respective total prices agree with the entries on the Bid Form. Any incorrect entries or inaccurate calculations by the Bidder will be treated as provided in COMAR 21.05.03.03.F, and may cause the Bid to be rejected.
- H) If option years are included, Bidders must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the IFB at the prices entered in the Bid Form.
- I) All Bid prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the IFB. The Bid price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the IFB, sample amounts used for calculations on the Bid Form are typically estimates for evaluation purposes only. Unless stated otherwise in the IFB, the MSA does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.
- K) Failure to adhere to any of these instructions may result in the Bid being determined not reasonably susceptible of being selected for award.

B-1 Bid Form

The Bid Form shall contain all price information in the format specified on these pages. Complete the Bid Form only as provided in the Bid Instructions. Do not amend, alter or leave blank any items on the Bid Form. If option years are included, Bidders must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Bid being determined not reasonably susceptible of being selected for award.

B. CERTIFICATION REGARDING COMMERCIAL NONDISCRIMINATION

The undersigned Bidder/Offeror hereby certifies and agrees that the following information is correct: In preparing its Bid/proposal on this project, the Bidder/Offeror has considered all Bid/proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in “discrimination” as defined in § 19-103 of the State Finance and Procurement Article of the Annotated Code of Maryland. “Discrimination” means any disadvantage, difference, distinction, or preference in the solicitation, selection, hiring, or commercial treatment of a vendor, subcontractor, or commercial customer on the basis of race, color, religion, ancestry, or national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual’s refusal to submit to a genetic test or make available the results of a genetic test, disability, or any otherwise unlawful use of characteristics regarding the vendor’s, supplier’s, or commercial customer’s employees or owners. “Discrimination” also includes retaliating against any person or other entity for reporting any incident of “discrimination”. Without limiting any other provision of the solicitation on this project, it is understood that, if the certification is false, such false certification constitutes grounds for the State to reject the Bid/proposal submitted by the Bidder/Offeror on this project, and terminate any contract awarded based on the Bid/proposal. As part of its Bid/proposal, the Bidder/Offeror herewith submits a list of all instances within the past four (4) years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Maryland that the Bidder/Offeror discriminated against subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that determination, including any remedial action taken. Bidder/Offeror agrees to comply in all respects with the State’s Commercial Nondiscrimination Policy as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland.

B-1. CERTIFICATION REGARDING MINORITY BUSINESS ENTERPRISES.

The undersigned Bidder/Offeror hereby certifies and agrees that it has fully complied with the State Minority Business Enterprise Law, State Finance and Procurement Article, § 14-308(a)(2), Annotated Code of Maryland, which provides that, except as otherwise provided by law, a contractor may not identify a certified minority business enterprise in a Bid/proposal and:

- (1) Fail to request, receive, or otherwise obtain authorization from the certified minority business enterprise to identify the certified minority bid/proposal;
- (2) Fail to notify the certified minority business enterprise before execution of the contract of its inclusion in the Bid/proposal;
- (3) Fail to use the certified minority business enterprise in the performance of the contract; or
- (4) Pay the certified minority business enterprise solely for the use of its name in the Bid/proposal.

Without limiting any other provision of the solicitation on this project, it is understood that if the certification is false, such false certification constitutes grounds for the State to reject the Bid/proposal submitted by the Bidder/Offeror on this project, and terminate any contract awarded based on the Bid/proposal.

B-2. CERTIFICATION REGARDING VETERAN-OWNED SMALL BUSINESS ENTERPRISES.

The undersigned Bidder/Offeror hereby certifies and agrees that it has fully complied with the State veteran-owned small business enterprise law, State Finance and Procurement Article, § 14-605, Annotated Code of Maryland, which provides that a person may not:

- (1) Knowingly and with intent to defraud, fraudulently obtain, attempt to obtain, or aid another person in fraudulently obtaining or attempting to obtain public money, procurement contracts, or funds expended under a procurement contract to which the person is not entitled under this title;
- (2) Knowingly and with intent to defraud, fraudulently represent participation of a veteran-owned small business enterprise in order to obtain or retain a Bid/proposal preference or a procurement contract;
- (3) Willfully and knowingly make or subscribe to any statement, declaration, or other document that is fraudulent or false as to any material matter, whether or not that falsity or fraud is committed with the knowledge or consent of the person authorized or required to present the declaration, statement, or document;
- (4) Willfully and knowingly aid, assist in, procure, counsel, or advise the preparation or presentation of a declaration, statement, or other document that is fraudulent or false as to any material matter, regardless of whether that falsity or fraud is committed with the knowledge or consent of the person authorized or required to present the declaration, statement, or document;
- (5) Willfully and knowingly fail to file any declaration or notice with the unit that is required by COMAR 21.11.13; or
- (6) Establish, knowingly aid in the establishment of, or exercise control over a business found to have violated a provision of § B-2(1) -(5) of this regulation.

- B. It is not in arrears with respect to the payment of any monies due and owing the State of Maryland, or any MSA or unit thereof, including, but not limited to, the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;

- D. It shall procure, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

11. Initiation of Work

The Contractor shall not commence performance of the Work or Services until it receives a formal written Notice to Proceed from the MSA.

12. Notice to Proceed and Completion of the Work

After the Contract has been executed, MSA will, within the time limit specified elsewhere in the Contract documents, issue to the Contractor a Notice to Proceed stipulating the date on or before which the Contractor shall begin Work. The specified Contract time shall begin on the first day that the Contract Work (other than the erection of the inspector's office, construction stakeout, and mobilization) actually starts or on the day stipulated in the Notice to Proceed, whichever is earlier. Any preliminary work started, or materials ordered, before receipt of the Notice to Proceed, shall be at the Contractor's sole risk.

The Contractor shall begin Work promptly within the time specified by the Procurement Officer and shall notify the Procurement Officer at least forty-eight (48) hours before starting Work. The Contractor shall submit a progress schedule, in writing, to the Procurement Officer within ten (10) days from the date of the Notice to Proceed. This schedule shall be updated and revised to reflect all changes affecting the job progress.

After the work has once been started, it shall be conducted continuously on all acceptable working days without stoppage until the entire Contract is complete. Should the progress of the Work for any reason be discontinued, the Contractor shall notify the Procurement Officer of his intention to stop and shall also notify the Procurement Officer at least twenty-four (24) hours in advance of resuming operations. Said notification shall be confirmed in writing, by the Contractor.

13. Conformity with Contract Requirements

(1) All Work performed and all materials furnished shall be in conformity with the Contract requirements. In the event the Procurement Officer finds the materials or the finished product in which the materials are used or the Work performed do not conform to the Contract requirements and have resulted in an inferior or unsatisfactory product, the Work or materials shall be removed and replaced or otherwise corrected by and at the expense of the Contractor.

(2) In the event the Procurement Officer finds the materials or the finished product in which the materials are used are not in conformity with the Contract requirements but that acceptable work has been produced, the Procurement Officer shall then make a determination if the work shall be accepted. In this event, the Procurement Officer will document the basis of acceptance by a change order which may provide for an equitable adjustment in the Contract price. Any action taken pursuant to this paragraph may not result in an increase of the Contract price.

(3) When any material is specified in the Contract by proprietary name, trade name, and/or name of manufacturer with or without the addition of such expressions as —or equal or —or approved equal, it is to be understood that the material named or the equal thereof is intended, subject to the approval of the Procurement Officer as to the quality thereof; and it is distinctly understood: (a) that the Procurement Officer is to exercise independent judgment in determining, from time to time, whether or not any material proposed to be substituted is the equal of any material so specified; (b) that the decision of the Procurement Officer on all such questions of equality shall be final; and (c) that, in the event of any adverse decision by the Procurement Officer, no claim of any sort shall be made or allowed against the Procurement Officer, or the Jurisdiction, because of such decision.

(4) The offeror of an alternative to a material specified will raise the presumption that any such substitution is for the purpose of saving money. If, in such a case, the material is approved, MSA shall be given credit in the amount of the difference between the net cost to the Contractor of the material submitted and the price at which he could have obtained the lowest priced material specified. For convenience in checking the credit, if any, the Contractor shall submit these figures when the offer of substitution is made, and no material shall be considered without such figures.

(5) The word — equal, wherever used in this Paragraph 13, subsection entitled —Equal or Approved Equal, shall be taken to mean any article, material or thing.

14. Inspection of Work

All materials and each part or detail of the Work shall be subject at all times to inspection by the Procurement Officer, or other appropriate persons from MSA, and the Contractor shall be held strictly to the Contract including allowable tolerances, quality of materials and workmanship, and the diligent execution of the Contract. Such inspection may include mill, plant or shop inspection. Any material furnished under the Contract is subject to such inspection. The Procurement Officer, or other appropriate person from MSA, shall be allowed access to all parts of the Work and shall be furnished with such information and assistance by the Contractor as is required to make a complete and detailed inspection.

If the Procurement Officer so requests, the Contractor, at any time before the MSA's acceptance of the Work, shall remove or uncover such portions of the finished Work as may be directed. After inspection, the Contractor shall restore said portions of the Work to the standards required by the Contract. Should the Work thus expose or inspected prove acceptable, adjustments in the Contract time and price will be made by Change Order for the uncovering or removing, and the replacing of the covering or making good of the parts removed. Should the Work so exposed or examined prove unacceptable, the uncovering, removing and/or replacing, shall be at the Contractor's sole expense.

When the United States Government or any railroad, corporation or other agency is to pay a portion of the cost of the Work covered by this Contract, a representative of any such entity shall have the right to inspect the Work.

15. Removal of Defective Work

All Work and materials which do not conform to the requirements of the Contract shall be considered unacceptable, unless otherwise determined acceptable under the provisions in Section 13 herein.

Any defective Work, whether the result of poor workmanship, use of defective materials, damage through carelessness or any other cause, found to exist, shall be removed and replaced by Work and materials which shall conform to the specifications or shall be remedied otherwise in an acceptable manner authorized by the Procurement Officer. Upon any failure by the Contractor to comply promptly with any order of the Procurement Officer made under the provisions of this Paragraph 15, the Procurement Officer shall have the authority to cause defective Work to be remedied or removed and replaced and unauthorized Work to be removed, and to deduct the costs attributable to such corrective notions from any monies due or to become due to Contractor under this Contract.

16. Discrepancies in Contract Documents

In the event the Contractor discovers any discrepancies in the Contract documents, the Contractor shall immediately notify the Procurement Officer. The Procurement Officer will then make such corrections and interpretations as may be deemed necessary for fulfilling the intent of the Contract. In the event of a conflict between these General Conditions and any other provisions of the Contract documents, these General Conditions shall prevail unless such other provision expressly provides to the contrary.

17. Cooperation by Contractor

The Contractor shall give the Work the constant attention necessary to facilitate the progress thereof, and shall cooperate with the Procurement Officer and MSA's inspector in every way possible.

The Contractor shall assign to the Contract, as his agent, a competent superintendent capable of communicating in English, capable of reading and thoroughly understanding the Contract documents, and thoroughly experienced in the type of work being performed, who shall receive instructions from the Procurement Officer or an authorized MSA representative. The superintendent shall have full authority to execute the orders or directions of the Procurement Officer without delay, and to promptly supply such materials, equipment, tools, labor and incidentals as may be required. Such superintendent(s) shall be furnished irrespective of the amount of Work sublet.

18. Cooperation with Utilities

The Contractor has considered in its bid all of the permanent and temporary utility appurtenances in their present or relocated positions. No additional compensation shall be allowed for normal delays, inconvenience, or damage sustained by the Contractor due to any interference from the said utility appurtenances or the operation of moving them.

The Contractor shall have sole responsibility for notifying all affected utility companies prior to the necessity of performing any work on their utilities and shall cooperate with them in achieving the desired results. All damage to utility facilities caused by the Contractor's operations shall be the sole responsibility of the Contractor.

In the event of interruption to utility service as a result of accidental breakage or as a result of being exposed or unsupported, the Contractor shall promptly notify the proper authority and

Contiguous Work shall be joined in an acceptable manner.
- B. MSA shall have the right, at any time, to contract for and perform other work on, near, over or under the Work covered by this Contract. In addition, other work may be performed under the direction of another Jurisdiction. The Contractor shall cooperate fully with such other contractors and carefully fit its own Work to such other work as may be directed by the Procurement Officer.
- C. In the event of disputes as to cooperation, the Procurement Officer shall act as referee and decisions made by the Procurement Officer will be binding. The Contractor shall make no claims against the MSA for any inconvenience, delay or loss experienced by the Contractor because of the presence and/or operations of other contractors.

20. MSA Furnished Material

The Contractor shall furnish all materials required to complete the Work, except those specified to be furnished by MSA. Materials furnished by the MSA will be delivered or made available to the Contractor at the point or points specified in the Special Provisions. All costs of handling and placing all materials, after delivery to the Contractor, are included in the Contract price for the item in connection with which they are used.

The Contractor is responsible for all delivered material. Deductions shall be made from any monies due him to make good any shortages and deficiencies, and for any damage which may occur after such delivery from any cause whatsoever, and for any demurrage charges.

In cases where materials are supplied by MSA and incorporated in the Contract Work by **the Contractor, materials inspection and acceptance will not be a prerequisite for** acceptance of the final product as the product pertains to these items.

21. Indemnification and Insurance

A. Responsibility for Claims and Liability

The Contractor(s) shall protect, defend, indemnify, save harmless, release and discharge MSA, its officers, agents, and employees from and against all claims, suits, judgments, expenses, actions, damages and costs of every name and description arising out of or resulting from errors, omissions, negligent acts, negligent performance or nonperformance of any rights or obligations of the Contractor or those of his subcontractors, agents or employees under this Contract, or arising from or based on the violation of applicable federal, State or local law, ordinance, regulations, order or decree, whether by himself or his employees or subcontractors.

If at any time during the term of the Contract any of the above required insurance policies are canceled, terminated or modified so that the insurance is not in full force and effect as required herein, MSA may terminate this Contract for default, or, at its sole option, MSA may obtain insurance coverage equal to that required herein, the full cost of which shall be charged and paid for by the Contractor.

22. Responsibility for Damage Claim

- A. The Contractor shall protect, defend, indemnify, save harmless, release and discharge the State and all of its representatives from all suits, actions, or claims of any character brought on account of any injuries or damages sustained by any person or property in consequence of any neglect in safeguarding the Work or through the use of unacceptable materials in the construction of the improvement, or on account of any act or omission by the said Contractor, or as a result of faulty, inadequate or improper temporary drainage during construction, or on account of the use, misuse, storage or handling of explosives, or on account of any claims or amounts recovered for any infringement of patent, trademark, or copyright, or from any claims or amounts arising or recovered under the Workers' Compensation Laws, or any other law, bylaw, ordinance, order or decree or any claims, suits, judgments, expenses, actions, damages and costs arising from or based on the violation of any federal,

- B. The Contractor shall not be held responsible for any claims arising from accidents incurred because of any traffic and/or general use permitted during the time the project or any section thereof is open to traffic except from accidents which are attributable to the Contractor's negligence.

23. Assignment

The Contractor shall not assign this Contract in whole or in part, or any monies due or to become due under this Contract without the prior written consent of MSA. Any attempted assignment without such consent is void ab initio. In the event that the Contractor assigns all or any part of the monies due or to become due under this Contract, the instrument of assignment shall contain a clause providing that the right of the assignee in and to any monies due or to become due to the Contractor shall be subject to prior claims of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.

24. General Guaranty

Neither the final acceptance of the Work nor payment thereof nor any provision in the Contract documents nor partial or entire use of the Work by MSA shall constitute an acceptance of work which is not performed in accordance with the Contract documents or relieve the Contractor of liability for any express warranties or responsibility for faulty materials or workmanship. The

Contractor shall remedy any defects in the Work, and pay for any damage to other Work resulting from defects in the Work which shall appear within a period of one (1) year from the date of final acceptance of Work, unless a longer period is specified. MSA shall give notice of observed defects with reasonable promptness.

25. Final Acceptance and Payment

Once the Contract Administrator is satisfied that the Work is properly completed, the Contract Administrator shall certify to MSA, in writing, the final acceptance of the entire project. MSA, upon receipt and approval of said certificate, shall pay, or cause to be paid, to the Contractor, the whole amount of money then due the Contractor under the terms of the Contract.

26. Personal Liability of Public Officials

In carrying out any of the provisions of the Contract, or in exercising any power or authority granted to them by or within the scope of the Contract, there shall be no liability upon MSA, Procurement Officer or other authorized representatives, either personally or as officials of the State. It is understood that in all such matters they act solely as authorized agents and representatives of the State.

27. Approval Authority

This Contract is subject to any Change Order, Contract Modification, or amendment thereto, and is subject to the approval requirements established by the Authority. The Contract shall be considered to bind the parties hereto in accordance with the Constitution and Laws of the State of Maryland.

28. Remedies and Termination

A. Termination for Default

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the MSA may terminate the Contract by written notice to the Contractor. The notice shall specify the acts of mission relied on as cause for termination. All finished or unfinished supplies and services provided by the Contractor shall, at the MSA's option, become the MSA's property. MSA shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and MSA can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the parties shall be governed by the provisions of COMAR, Title 21.07.01.11B.

B. Termination for Convenience of the State

The performance of Work under this Contract may be terminated by MSA in accordance with this clause in whole, or from time to time in part, whenever MSA shall determine that such termination is in the best interest of MSA.

MSA will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A.

29. Delays and Extension of Time

The Contractor agrees to prosecute the Work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances, from any cause whatsoever, during the progress of any portion of the Work specified in this Contract.

Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of MSA in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with MSA State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or supplies arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

Upon receipt of such written notice, the Procurement Officer shall promptly investigate the conditions, and if he or she finds such conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this Contract, whether or not changed as a result of such conditions, an equitable adjustment shall be made and the Contract modified in writing accordingly.

- B. No claim of the Contractor under this clause shall be allowed unless the Contractor has given the notice required in A. above; provided, however, the time prescribed therefore may be extended MSA.
- C. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this Contract.

31. Changes

- A. The Procurement Officer unilaterally may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a Change Order, make any change in the Work within the general scope of the Contract, including but not limited to changes:

3. In the State-furnished facilities, equipment, materials, services, or site; or
 4. In any acceleration in the performance of the Work.
- B. Any other written order or an oral order including a direction, instruction, interpretation or determination from the Procurement Officer that causes any such change, shall be treated as a Change Order under this clause, provided that the Contractor gives the Procurement Officer written notice stating the date, circumstances, and source of the order and that the Contractor regards the order as a Change Order.
 - C. Except as herein provided, no order, statement, or conduct of the Procurement Officer shall be treated as a Change Order under this clause or entitle the Contractor to an equitable adjustment hereunder.
 - D. Subject to subparagraph F. herein, if any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the Work under this Contract, whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly; provided, however, that except for claims based on defective Specifications, no claim for any change under B. above shall be allowed for any costs incurred more than twenty (20) days before the Contractor gives written notice as therein required; and provided further, that in the case of defective specifications for which the State is responsible, the equitable adjustment shall include any increase cost reasonably incurred by the Contractor in attempting to comply with such defective Specifications.
 - E. If the Contractor intends to assert a claim for an equitable adjustment under this clause, the Contractor shall, within thirty (30) days after receipt of a written Change Order under A. above or the furnishing of written notice under B. above, submit to the Procurement Officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the State. The statement of claim hereunder may be included in the notice under B. above.
 - F. Each Contract modification or Change Order that affects Contract price shall be subject to the prior written approval of the Procurement Officer and other appropriate authorities and to prior certification of the modification or Change Order on the project budget or the total construction cost. If, according to the certification of the fiscal authority, the Contract Modification or Change Order will cause an increase in cost that will exceed budgeted and available funds, the modification or Change Order may not be made unless sufficient additional funds are made available or the scope of the project is adjusted to permit its completion within the project budget.
 - G. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this Contract.

32. Intentionally Omitted

33. Suspension of Work

- A. The Procurement Officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of the work for such period of time as the Procurement Officer may determine to be appropriate for the convenience of MSA.
- B. If the performance of all or any part of the Work is, for an unreasonable period of time, suspended, delayed, or interrupted by an act of the Procurement Officer in the administration of this Contract or by his/her failure to act within the time specified in this Contractor (or if no time is specified, within a reasonable time) an adjustment shall

be made for any increase in the cost of performance of this Contract (excluding profit) necessarily caused by such unreasonable suspension, delay, or interruption and the contract modified in writing accordingly. No adjustment shall be made under this clause for any suspension, delay, or interruption to the extent: (1) that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor or (2) for which any equitable adjustment is provided for or excluded under any other provision of this Contract.

- C. No claim under this clause shall be allowed (1) for any costs incurred more than twenty (20) days before the Contractor shall have notified the Procurement Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension, delay, or interruption, but no later than the date of final payment under the Contract.

SECTION 1: POLICY SCOPE

This policy applies to the collection, sorting, diversion, and disposal of ongoing consumables, durable goods, and building materials associated with facility alterations and additions accrued in the operations of The Maryland Stadium Authority's facilities that are within the building and site management's control.

This policy will apply to, but is not limited to, the following types of materials:

- Ongoing Consumables, including but not limited to:
 - Paper
 - Cardboard
 - Glass
 - Plastic
 - Metals
 - Landscape waste
 - Batteries
- Mercury-containing lamps
- Durable Goods, including but not limited to:
 - Electronic equipment
 - Furniture
- Building Materials used in facility alterations and additions, including but not limited to:
 - Building components and structures (wall studs, insulation, doors, windows)
 - Panels
 - Attached finishings (drywall, trim, ceiling panels)
 - Carpet and other flooring material
 - Adhesives
 - Sealants
 - Paints and coatings

SECTION 2: POLICY GOALS

To manage solid waste in a manner that will:

- protect the environment and public health
- conserve natural resources
- minimize landfilling and/or incineration and reduce toxicity

SECTION 3: PERFORMANCE METRIC

The successful implementation of this policy will be measured by the ongoing recycling rate achieved. The recycling rate is derived by comparing the amount of consumables diverted from the landfill to those consumables sent to the landfill over a given time period. The policy's initial performance metric will be to achieve the reuse, recycling and/or composting of:

- At least 50% of the ongoing consumable waste stream (by weight or volume)
- At least 80% of discarded batteries
- 100% of all mercury-containing lamps within the building and site management's control
- At least 75% of the durable goods waste stream (by weight, volume, or replacement value)
- At least 70% of waste (by volume) generated by facility alterations and additions

SECTION 4: PERFORMANCE EVALUATION

Monthly reports, including waste recycling and/or disposal receipts, must be provided by the waste haulers/vendors to allow for ongoing documentation, monitoring and assessment of the program results.

The responsible party will, whenever possible, compile the reports and include an evaluation of the performance, safety, cost and environmental/public health benefits achieved through source reduction, reuse, recycling and composting. Reports should also relate the progress in meeting the stated objectives of The Maryland Stadium Authority as set forth under Sections (2) and (3).

SECTION 5: RESPONSIBLE PARTY

Jeff Provenzano, Vice President Sports Complex Facilities, shall implement this policy within Camden Yards Sports Complex in coordination with other appropriate organization personnel, including but not limited to, the building's janitorial staff and any contracted waste haulers. Jeff Provenzano shall coordinate training, education and outreach programs throughout the organization, with the aim of promoting and maintaining the goals of this policy.

Due to the nature of this building, contracts are constantly being reevaluated and new bids from other providers are always being reviewed for economic value. All requests for bids for contractors, and current contractors, specific to waste management will receive this plan and be required to adhere to the requirements.

SECTION 6: PROCEDURES AND STRATEGIES

The following table lists recyclable wastes at the building site, their disposal method and handling procedures.

Source/Consumables	Disposal Method	Handling Procedure
Glass, Plastic, Metals (commingled)	Building occupants dispose of these recyclables in separately provided collection points periodically placed around the stadium and in suites.	Amounts are tracked and taken away by hauler on a regular basis (same schedule as current waste pickup) for recycling.
Mercury-containing Lamps	Maintenance staff collects fluorescent lamps and stores the unbroken lamps for disposal.	Taken away or dropped off to an authorized hauler for safe disposal, in accordance with local regulations on disposal of products containing mercury.
Cardboard/Paper/newspapers	Building occupants dispose of paper/newspapers in separately provided collection points periodically placed around the stadium and in suites.	Amounts are tracked and taken away by hauler on a regular basis (same schedule as current waste pickup) for recycling.
Batteries	Building occupants deliver batteries to a specially-designated collection point for disposal.	Taken away/ dropped off to an authorized hauler on a regular basis for proper disposal.
Durable Goods (Electronic Waste and Furniture)	Building management provides a secure collection area to store durable goods that have reached the end of their life within the building but still have value and may be donated/re-used.	Amounts are tracked and taken away/ dropped off to an authorized hauler or re-use center on a regular basis for recycling.
Building Materials	Building management coordinates with contractors to collect construction waste for re-use/recycling.	Amounts are tracked and taken away by an authorized hauler at the end of the demolition/construction period for recycling.

SECTION 7: TIME PERIOD

With respect to the Time Period, this Solid Waste Management Policy was established in March 2012 and is currently in effect. This plan is to remain in effect for the life of the building and to be regularly evaluated for any improvements. During the life of this policy, the Solid Waste Management Policy will, at a minimum, address the diversion of waste and toxins generated through building operations from landfills and incineration facilities that are within the building and site management's control.

- The floor and carpet maintenance program at M&T Bank Stadium is designed to use few, or no, harmful chemicals; remove and eliminate irritating dust, dirt and other contaminants; and protect and preserve floors.
- To minimize chemical use, M&T Bank Stadium has reduced the frequency of stripping or removing coatings to annually and is able to maximize the floor's longevity, thereby conserving cleaning and floor restoration materials and minimizing occupants' exposure to harmful chemicals.
- A written floor maintenance plan and log shall be maintained, which details the number of coats of floor finish being applied as the base and other applications (top coat), along with all relevant maintenance/restoration practices and the dates and duration of these activities.

SECTION 8: HAND HYGIENE

PERFORMANCE METRICS AND MEASUREMENT

Protocols promoting hand hygiene shall be wholly adopted. QC checks will be used to ensure 100% adoption.

PRACTICES TO OPTIMIZE HAND HYGIENE

Hand hygiene has a direct connection to the health and wellness of building occupants. It is well recognized that hands are the primary mode of transmission of many infectious diseases. Experts, including the Centers for Disease Control and Prevention (CDC), Occupational Safety and Health Administration (OSHA) and World Health Organization (WHO), agree hand hygiene is one of the most important measures in preventing illness. Most building environments share key factors that contribute to infection transmission, such as close workspaces, shared bathrooms, break rooms for eating, and cafeterias. Absenteeism caused by transmissible diseases such as influenza is a major contributor to lost productivity in the workplace and to most companies.

PRACTICES TO OPTIMIZE HAND HYGIENE

Encourage employees, building occupants and visitors to practice good hand hygiene.

Educate employees, building occupants and visitors regarding the importance of effective hand hygiene practices through multiple employee communication channels such as posters, newsletters and electronic communications.

Provide an ample supply of easily accessible hand hygiene products including GOJO® hand cleaners and PURELL® Instant Hand Sanitizer in all key building environments as follows:

- Restrooms
 - M&T Bank Stadium provides GOJO Green Certified Foam Hand Cleaner and PURELL Instant Hand Sanitizer in SANITARY SEALED™ dispensing systems. Hand hygiene products packaged in SANITARY SEALED refills provide consistently clean and safe product, help prevent contamination, and use recyclable packaging. An adequate number of soap dispensers are easily accessible from and in close proximity to functioning faucets providing tepid water. Dispensers are ADA compliant and meet building code requirements.

- Common Areas
 - In common areas where soap and water are not available, M&T Bank Stadium provides PURELL Instant Hand Sanitizer in dispensing systems as well as bottles for easily accessible table top use. Common areas include: lobbies, break rooms, meeting rooms, eating areas, elevators, reception areas, conference centers, fitness centers, and spaces where equipment is shared.

- Personal Spaces
 - M&T Bank Stadium provides employees with PURELL Instant Hand Sanitizer for individual use. Product is available at each employee’s workspace, as proximity is key to encouraging usage and minimizing the spread of most common germs that may cause illness. Personal spaces include: desks, offices and work areas for visiting employees and guests

SECTION 10: HANDLING AND STORAGE OF CLEANING CHEMICALS

PERFORMANCE METRICS AND MEASUREMENT

Protocols governing safe handling and storage of cleaning chemicals shall be wholly adopted. QC checks will be used to ensure 100% adoption.

PRACTICES TO OPTIMIZE HANDLING AND STORAGE OF CLEANING CHEMICALS

The following protocols have been established to mitigate spills, leaks and mismanagement.

Storage

- Chemicals are stored in the main warehouse on the service level. Additional areas include storage closets outside each restroom on all level, including individual restrooms located on the suite level, and janitor’s closets throughout the building.
- Workers access chemicals at the beginning of their shift and as needed.

Chemical Dilution systems

(See Section 11)

MSDS Storage

- The cleaning chemical supplier is required to provide accurate MSDSs for all chemicals delivered to the building.

- MSDSs are filed, in duplicate, in the Admin office on the service level in clearly labeled binders.

Emergency Procedures

- Chemical Hazards Training Plan:
 - Always use gloves and eye protection when cleaning.
 - Make sure that all chemical containers, including spray bottles, have labels.
 - Never use unlabeled products or containers.
 - Always read and fully understand the product labels of the chemicals that are being used
 - Never mix, sniff, or taste chemicals of any kind
 - Never remove trash with hands.
- Chemical Spill:
 - Alert persons in the area including the onsite supervisor that a spill has occurred.
 - Evaluate the toxicity, flammability, and other hazardous properties of the chemical as well as the size and location of the spill to determine whether evacuation or additional assistance is necessary.
 - Contain any volatile material within a room by keeping doors closed.
 - Consult the MSDS, the laboratory emergency plan, or procedures in this document.
 - Obtain cleaning equipment and protective gear, if needed.
 - Wear protective equipment such as: goggles, apron, laboratory coat, gloves, shoe covers, or respirator. Base the equipment on the chemical hazard.
 - Section off the spill area to prevent further contamination.
 - Absorb liquid spills using paper towels, spill pillows, or sand.
 - Place the used towel or pillow in plastic bags for disposal along with any contaminated disposable gear; such as gloves.
 - Sweep up waste and place in plastic bags for disposal.

SECTION 11: USE OF CHEMICAL CONCENTRATES AND DILUTION SYSTEMS

PERFORMANCE METRICS AND MEASUREMENT

Dilution systems and chemical concentrates shall be wholly utilized for the following product types:

All-Purpose Cleaner	Ecolab / Oasis Pro 18G	Green Seal GS-37
Glass Cleaner	Ecolab / Oasis Pro 43G	Green Seal GS-37
Floor Cleaner	Ecolab / Oasis Pro 34G Neutral	Green Seal GS-37
Sanitizer/ Disinfectant	Ecolab / Oasis 146 Multi-Quat	No

Degreaser	Ecolab / Oasis 137 Orange Force	No
-----------	---------------------------------	----

PRACTICES TO OPTIMIZE USE OF CHEMICAL CONCENTRATES AND DILUTION SYSTEMS

Chemical concentrates and dilution systems are used according to the procedures below to minimize risk to staff and occupants, and to conserve resources.

Dilution System Description

Ecolab's Ultra 1 System includes button-activated and bottle-activated dispenser options that automatically dispense cleaning and sanitizing solutions mixed to the correct ratios. Because of the modular design, dispensers can be installed individually or combined to meet specific needs.

The button-activated dispenser uses a manually operated water valve. When the button is pressed, water flows through a Venturi proportioner, which draws concentrated product and mixes it with water to the correct ratio.

Both dispensers feature a FlexGap aspirator, which separates the outlet of the potable water supply from any potential contamination. The FlexGap ensures maximum and reliable back-flow protection.

Protocol for Use

1. Install the Dispenser Unit

- Select wall location for dispenser unit that is near water supply and not in the path of other work routines. Ideally, the bottom of the dispenser should be approximately 4 - 4-1/2 feet (120-140 cm) from the floor. Confirm availability of additional space for concentrate rack.
- Remove cover by loosening screw at bottom.
- Optional Quat Metering Installation: Sanitizing products may be supplied with a capillary kit to control final concentration. For FlexGap or Air Gap: Install the push-in capillary metering tip.
- Attach dispenser unit to wall:
 - Place dispenser back on wall, hold at level and mark screw hole locations.
 - Drill appropriate size holes. Insert plastic anchors.
 - Mount dispenser using supplied screws.
 - Put on cover and tighten bottom screw.

2. Install the Concentrate Rack

- Determine best location for rack.
- Attach concentrate rack to wall:
 - Place rack on wall, hold at level and mark screw hole locations.
 - Drill appropriate size holes. Insert plastic anchors.
 - Mount dispenser using #10 x 1-1/4 in. (3 cm) screws.

3. Install the Water Supply Line

- Attach water supply hose to water inlet port (See Figure 3-4).

- Attach water supply hose to water supply.
- Turn on water to check for leaks.

4. Install Product Pick up Tubing/Check Valve - Remove metal foot valve for Acid Bathroom Cleaner.

- Insert concentrate bottle into rack.
- Remove product cap and replace with supplied pre-drilled hole cap.
- Insert pick-up tube assembly through hole in cap.
- Position cap on the pick-up tube such that the check valve will rest on the bottom of the bottle. Attach plastic clamps approximately (1/16 in.) above and below top of the cap, allowing free rotation of the cap.
- Insert pick-up tube into bottle.
- Route pick-up tube between backplate of dispenser and wall and connect.

5. Prime Dispenser

- To prime bottle-activated dispenser:
 - Turn water ON.
 - Insert spray bottle to activate dispenser until pick-up tube is filled with product and proper solution is dispensed.
 - Empty spray bottle after priming dispenser.
- To prime button-activated mop bucket dispenser:
 - Turn water ON.
 - Ensure discharge tube end is over mop sink or mop bucket.
 - Press and hold button until pick-up tube is filled with product and proper solution is dispensed.
 - Discard solution.

Maintenance

The Oasis Ultra 1 Integrated Dispensing Systems located in kitchen areas are checked by Ecolab once a month. Those systems located in the concession stands are check twice a year.

1. Replacing FlexGap and Aspirator Assembly

- Thread FlexGap by hand onto aspirator until a slight resistance is felt when FlexGap contacts sealing washer in aspirator. With pick-up stem on aspirator pointing towards the right, continue threading FlexGap by hand approximately 1/4 to 1/2 turn more until 1/4" diameter "dot" on FlexGap is facing forward. **DO NOT OVERTIGHTEN.**
- Thread FlexGap and aspirator assembly by hand onto water valve until a slight resistance is felt when water valve contacts sealing washer in FlexGap. Continue threading by hand approximately 1/4 to 1/2 turn more until 1/4" diameter "dot" on FlexGap aligns with stem on water valve. **DO NOT OVERTIGHTEN**

2. Volumetric Calibration

- Items Needed for Calibration
 - Graduated cylinder (100 mls) or other measuring vessel
 - Product Concentrate
 - Standard Compac 32 oz. spray bottle.
 - Ultra 1 Metering Tip Chart with recommended dilutions and tip recommendations
 - Set of Metering Tips.
- Calibration Procedure
 - NOTE: Metering Tips are selected on the basis of:
 - Water Pressure
 - Product Pick up Tube Length
 - Select target dilution and metering tip recommendation from Metering Tip Chart packed in starter kit installation kit bag. Install metering tip of proper color, based on desired use-concentration.
 - Prime product pick-up tube by activating dispenser with spray bottle.
 - Fill graduated cylinder with product and record volume. Insert pick-up tube into graduated cylinder.
 - Using empty spray bottle (or button) activate dispenser until spray bottle contains 32 oz. of diluted product. Stop flow.
 - Remove the pick-up tube from the cylinder and note volume. Subtract this volume from start volume to determine volume of concentrate aspirated. Multiply by 4 to determine measured oz./ gallon of concentrate.
 - Compare measured vol. with target vol. If measured volume is too low, select next larger diameter metering tip. If measured volume is too high, select next smaller diameter metering tip.
 - Repeat calibration until measured results are 100-125% of target concentration. Repeat for other products, as necessary.

SECTION 12: VULNERABLE BUILDING OCCUPANTS

To protect vulnerable building occupants, such as pregnant women, children, asthmatics, elderly occupants, individuals with allergies and highly sensitive individuals, cleaning staff from Chimes, Aramark, and ADC shall use only low/no VOC cleaning products; they shall perform routine cleaning and floor restoration activities after working hours when the majority of occupants have left the building; the staff shall limit the number of cleaning chemicals used in the building; and they shall maintain a high level of cleanliness thus minimizing the presence of irritants.

SECTION 13: STAFFING AND TRAINING

PERFORMANCE METRICS AND MEASUREMENT

All cleaning personnel shall receive regular training. Vendors shall supply evidence of compliance with training requirements prior to contract award or renewal.

PRACTICES TO OPTIMIZE STAFFING AND TRAINING

All cleaning staff and managers shall receive environmental safety and health training, addressing, at minimum, hazards associated with the use, disposal and recycling of cleaning chemicals, dispensing equipment and packaging.

Training Topics

TOPICS INCLUDE:

- Employee safety and health compliance as it relates to the cleaning program
- Regulatory compliance standards—OSHA, EPA, and other local, state, and federal rules and regulations
- Unsafe attitudes and conditions in the work place through Job Safety Analysis—OSHA JSA or JHA (Job Hazard Analysis)
- Employee performance improvement, such as accident prevention and record-keeping
- Compliance with health and safety rules, and regulation and confidentiality issues
- Safe chemical storage and handling
- Disposal and recycling of cleaning chemicals, dispensing equipment and packaging
- Football event cleaning
- Other event cleaning
- Year round cleaning

Annual Training Hours

All workers shall receive 16 hours of training annually.

Staffing Plan

To meet cleaning objectives within the building, minimum staffing requirements must be met. Factors such as occupancy rates, seasonal variations and other considerations should be taken into account when adjusting the staffing plan.

During peak capacity (i.e. game days), total cleaning staff time shall be not less than 2256 hours per day. Generally, 311 staff members work 8 hours per day to meet these requirements.

During general events held on the club level (i.e. wedding, proms, corporate events, etc...), total cleaning staff time shall be not less than 31 hours per day. Generally, 7 staff members work 4.5 hours per day to meet these requirements.

During typical days (i.e. general year round), total cleaning staff time shall be not less than 48 hours per day. Generally, 6 staff members work 8 hours per day to meet these requirements.

SECTION 14: OCCUPANT FEEDBACK AND EVALUATION OF NEW TECHNOLOGIES

PERFORMANCE METRICS AND MEASUREMENT

All guests and employees shall have a mechanism by which to provide feedback on cleaning practices.

PRACTICES TO OPTIMIZE OCCUPANT FEEDBACK AND EVALUATE NEW TECHNOLOGIES AND PROCEDURES

M&T Bank Stadium has implemented an electronic collection system for gathering occupants' feedback about the green cleaning program. MSA provides a link to "Take Our Survey" which asks occupants to rate their experience from 'Excellent', 'Very Good', or 'Needs Improvement' on specific areas including cleanliness and general maintenance. There is also a space for general comments.

Occupants are encouraged to alert the management to any issues relating to the green cleaning program. In addition, management regularly researches and integrates new green cleaning technologies into the building's green cleaning procedures.

SECTION 15: TIME PERIOD

With respect to the Time Period, this High Performance Green Cleaning program was established in March 2012 and is currently implemented. During the life of this policy, the High Performance Green Cleaning program will, at a minimum, cover those product purchases and services that are within the building and site management's control. This program will continue to remain in effect after the performance period is over and throughout the life time of the stadium.
