INTRODUCING NEGOMETRIX

The Town of Palm Beach implemented a new intelligent on-line solicitation system. This new system is powered by Negometrix, a company based in the Netherlands. This new system will allow the Town to begin the transformation to the future of Public Procurement. We could bore you with a bunch of information on all the benefits of this system but will briefly tell you the system is fully integrated from planning through contract management. This new system will provide efficiencies for the Town and you, our suppliers. This new system is different but NOT difficult. We have prepared this brief Getting Started guide to help you register and participate in a solicitation (bid).

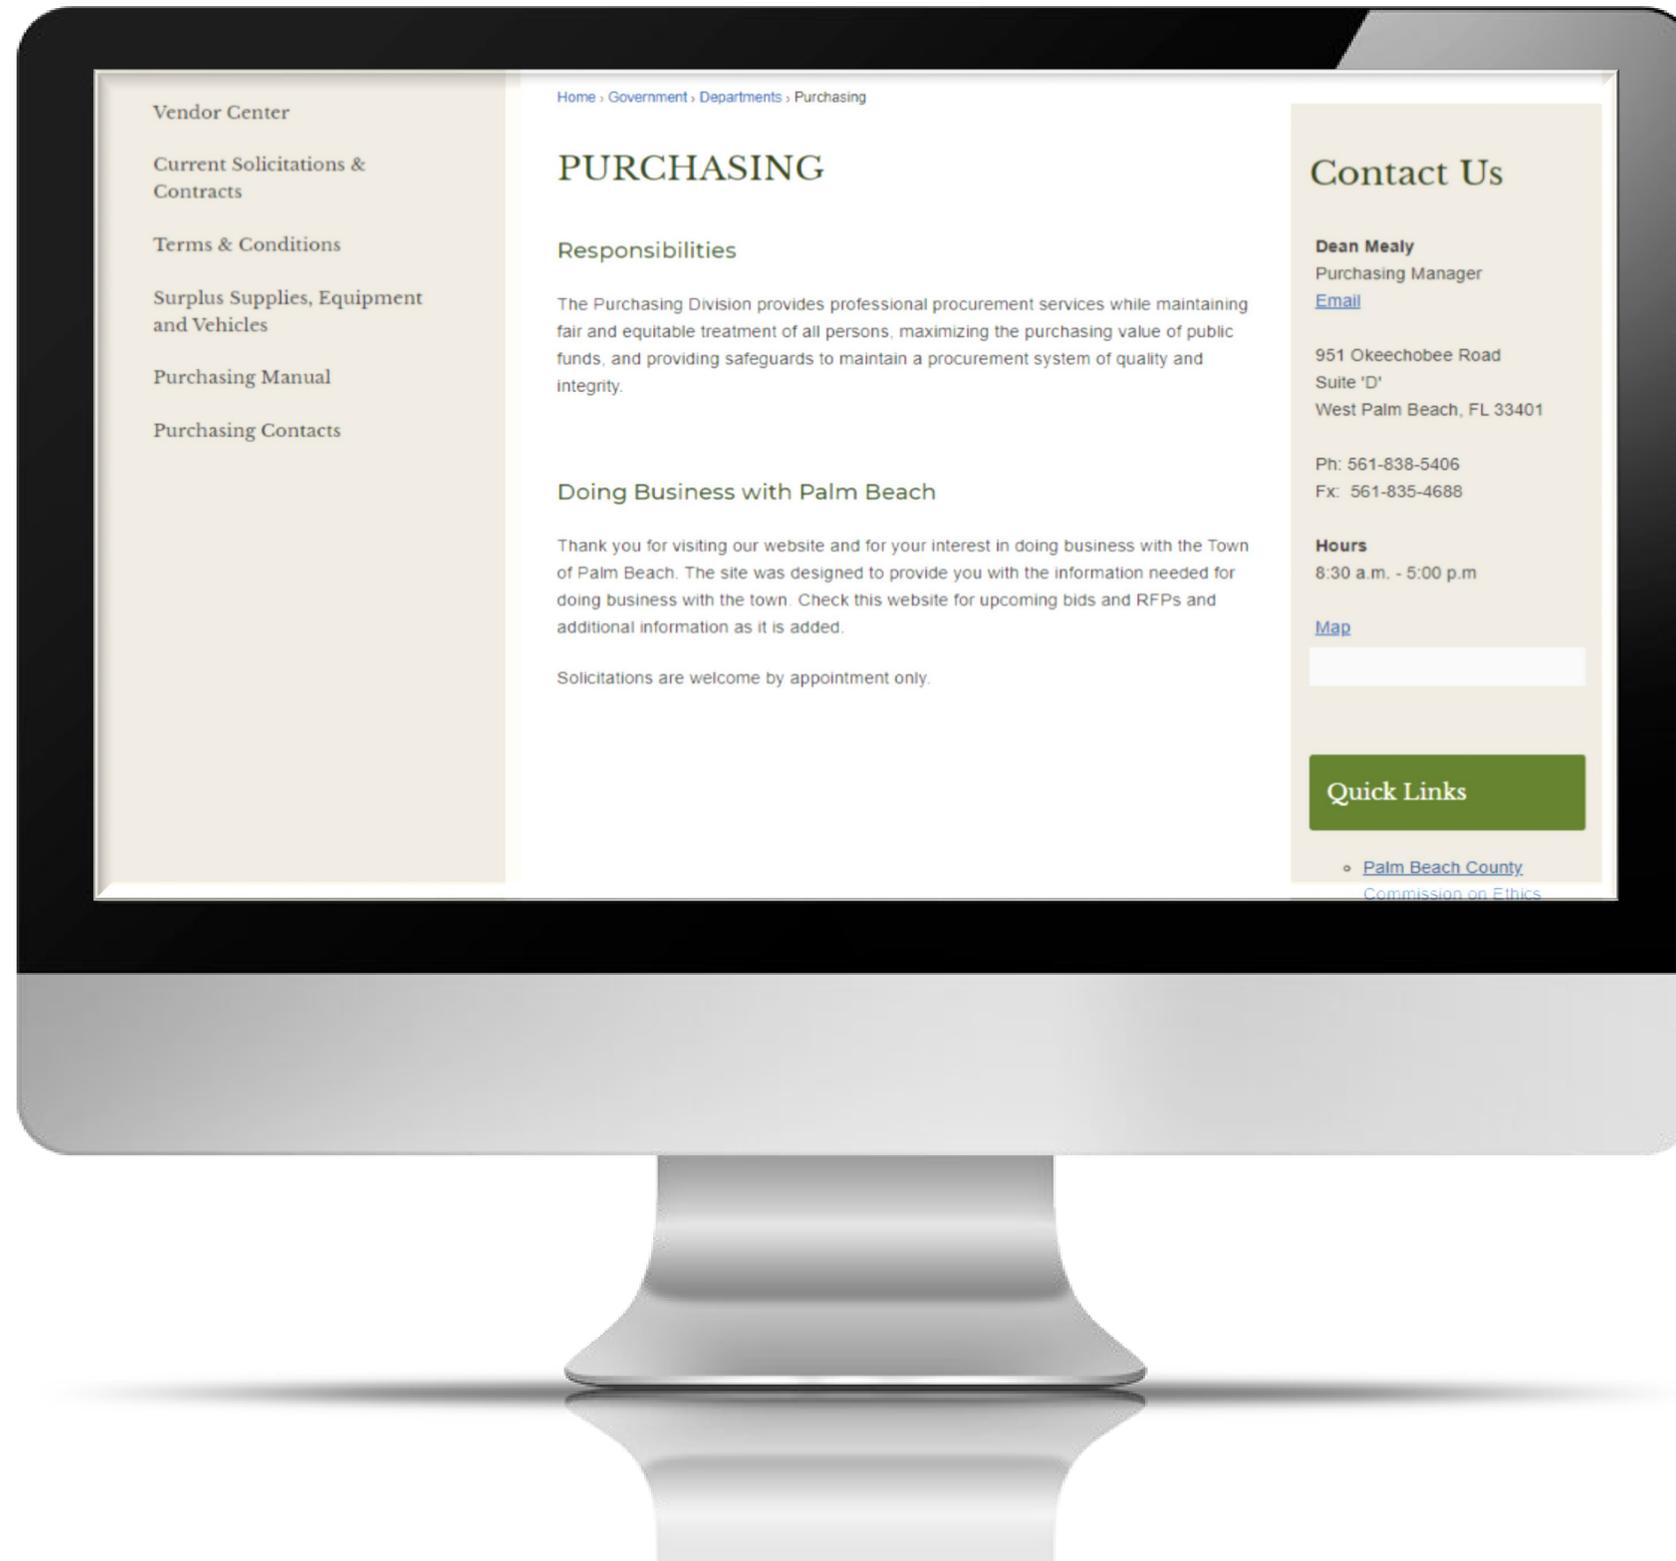

ELECTRONIC SOLICITATION SYSTEM

First you can access all of the Towns current bids on the [Town of Palm Beach website](#) and select GOVERNMENT and a dropdown will appear. You will need to select PURCHASING DEPARTMENT

ELECTRONIC SOLICITATION SYSTEM

Once you have selected the Purchasing Department you will be brought to the Purchasing Homepage. At the left of the homepage you will notice a navigation bar to the left. You will need to select the CURRENT SOLICITATIONS & CONTRACTS option.

Once you select Current Solicitations and Contracts you will be brought to the solicitation homepage. You will need to scroll down to the current Negometrix Town Published Solicitations carousel. Simply select the solicitation in question and this will bring you to the Negometrix platform.

- 1 Once selected, you will be brought to the landing page that is unique to the solicitation in question.
- 2 On the landing page you will find a summary of work associated with the solicitation
- 3 This should allow for enough information to decide if your interested in participating.
- 4 You will need to create an account if you want gain access to all of the solicitation documents.

DETAILS OF SOLICITATION

Once you enter into the details of the solicitation, you will notice several question within that section. Each question has a call to action.

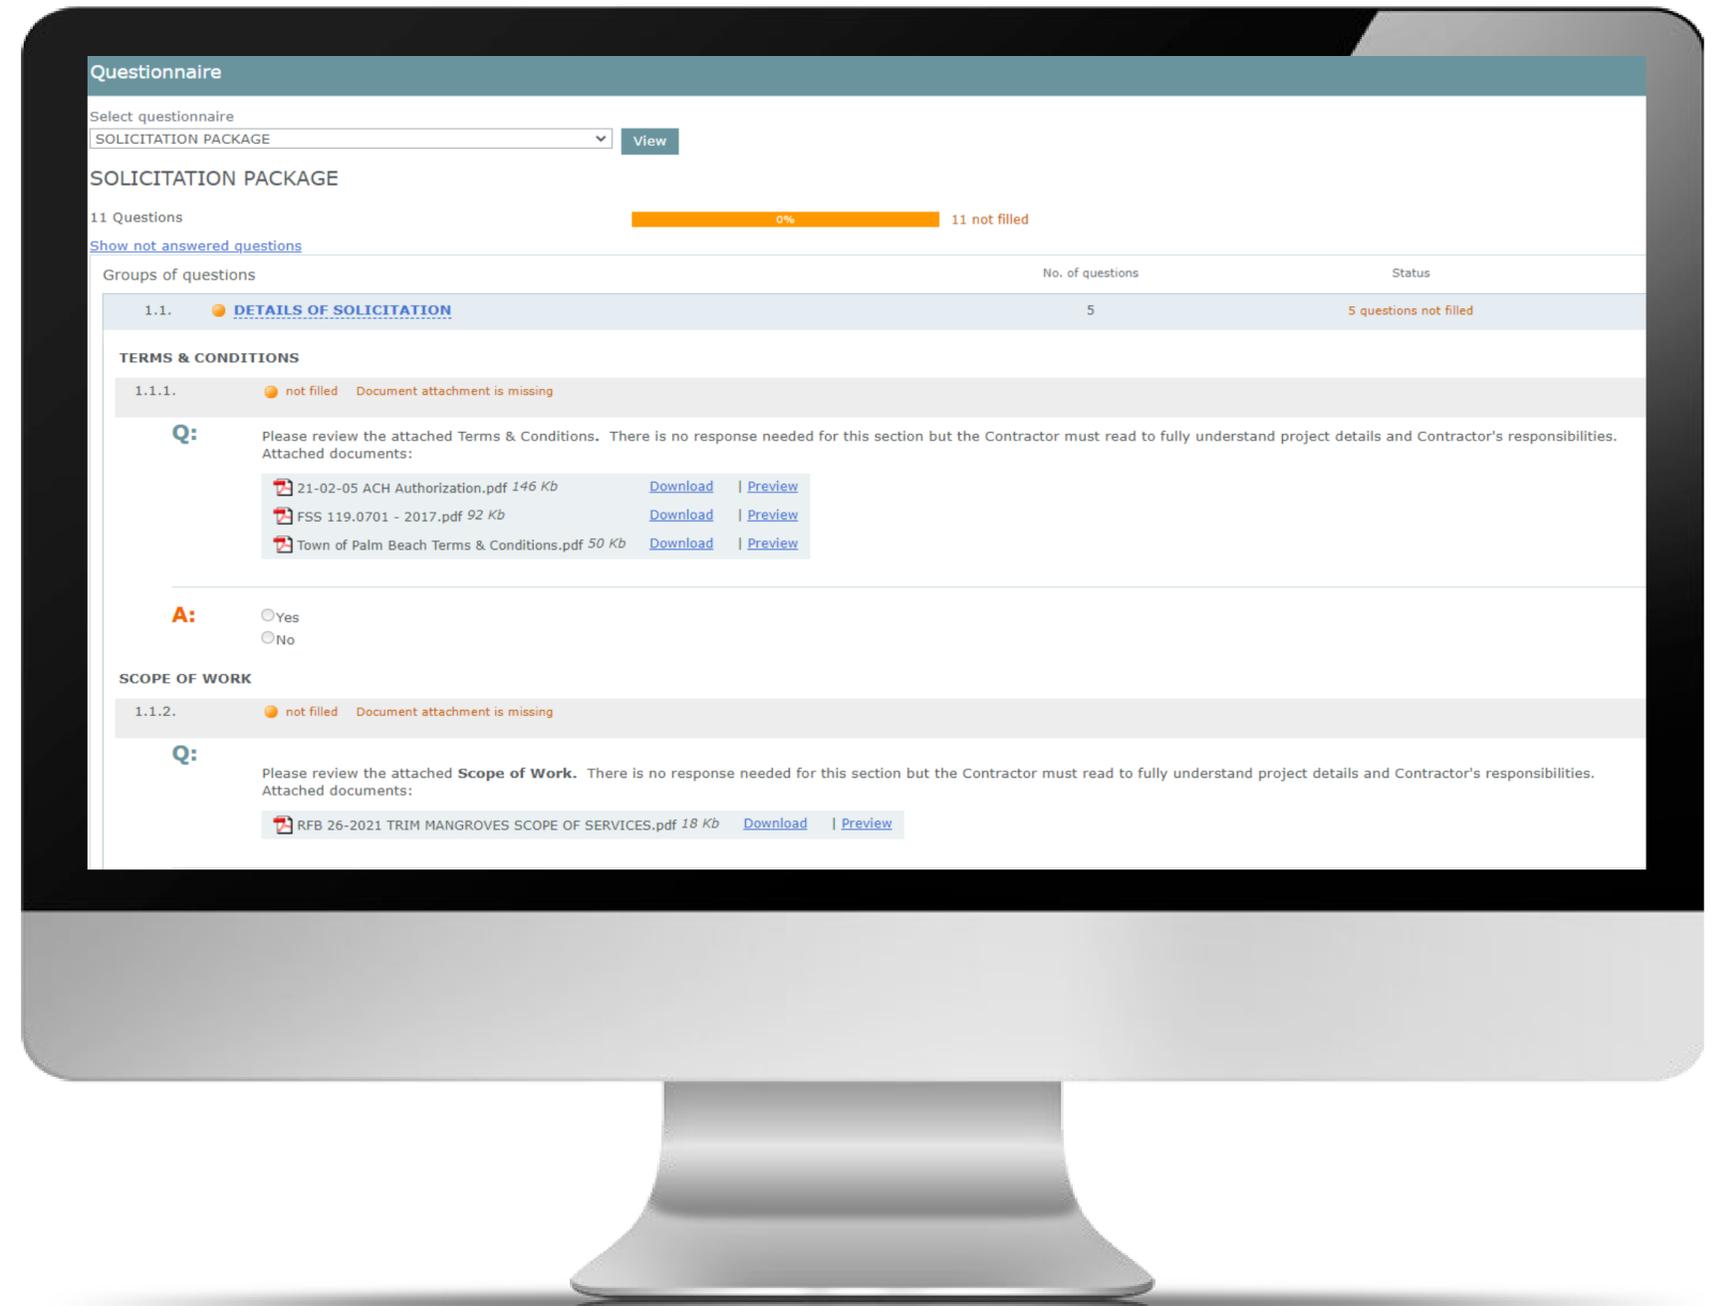

When a question asks you to acknowledge a requirement, you simply have to select the only available option. Many times, these acknowledgements are based on a requirement after award.

When a question ask for you to respond with an attachment, you will simply need to upload an attachment. In many cases these are required forms in which we have provided a template.

When there is a yes/no question, simply respond with a yes/no answer. Same with a Question/Answer.

QUESTIONNAIRES

Every solicitation in Negometrix has a section called questionnaires which are unique to that solicitation. These questionnaires detail all the requirements within a solicitation to include but not be limited to the terms & conditions, scope of work, required forms, and all other requirements taken into consideration in the awarding. The type of question determines how a company can provide an answer to the question. It is in the best interest of both the buyer and the supplier that these question types are set correctly. Incorrect question types can cause delay in the process of the solicitation and potentially lead to the rejection of an offer due to being non-responsive.

1

YES/NO QUESTION

Simply answer yes or no to the question asked.

2

VALUE

When using this type of question, the supplier has to fill in a value if the question is weighted.

3

MUTIPLE CHOICE

With this type of question, you must provide an answer to the question from the options given.

4

OPEN QUESTION

Provide an answer to the question in the field box required.

5

DOCUMENT EVALUATION

Attach the executed document requested. The system will recognize if this was done.
