

Division 1 General Requirements
SUMMARY OF WORK
Section 01010

PART 1 - GENERAL

1.1 Related Documents:

Drawings and general provisions of Contract.

1.2 DESCRIPTION OF WORK:

Contract documents indicate the Work of the contract and related requirements and conditions.

The Work includes, briefly and without force and effect upon the contract documents, work necessary to facilitate the provision of electrical service to a prefabricated Magazine building (to be furnished and installed by others and NIC) as follows. Contractor may, at his discretion, alter the sequence of construction activities outlined below.

Furnish and install weatherhead and meter base per Oncor requirements. Provide electrical connection between meter base and panel board provided with the Magazine, per NEC requirements.

Provide ground rod and conductor for grounding of panelboard provided with the Magazine, per NEC requirements.

Coordinate and schedule installation of new overhead electrical service with Oncor. All costs payable directly to Oncor (not including costs of Contractor furnished components listed above) shall be borne by Williamson County and are NIC.

After the Magazine has been energized, verify function of switches, fixtures, receptacles, and other electrical appurtenances in the building. Provide to Williamson County a written summary of any such appurtenances found to be inoperable, which list will be provided to the Magazine manufacturer for correction.

1.3 SUBMITTALS

Provide material submittals and other information as required for coordination of the work.

1.4 CONTRACTOR'S USE OF CONSTRUCTION SITE

CONTRACTOR shall not unreasonably encumber the construction site with materials or equipment. CONTRACTOR shall assume reasonable responsibility for protection of construction site.
