Professional Service Agreement Renewal

Good afternoon,

As specified in the Professional Service Agreement established via Town of Palm Beach RFQ 2019-13 Civil Engineering Consultant, we have an option to renew the existing contract for another two-year period if it is mutually agreeable to all parties.

Please advise by signature below, if an extension of our current PSA with the same terms, conditions, pricing, and specifications would be acceptable. The new term would conclude at the end of the Town's fiscal year 2024. KAS
